

24 November 1970

Mr. King,

1. We have been paying the total printing costs for the Gazetteers, so there would really be no change under an agreement with TOPOCOM as far as funding is concerned. The average printing costs would amount to about [REDACTED] 25X1A per year. FY70 cost ran about [REDACTED] due to the seven 25X1A volumes on the U.S.S.R. That was an exceptional year and could have been divided between FY70 and FY71. Consequently we will be low this year, about \$ [REDACTED] 25X1A

25X1A 2. [REDACTED] tells me that TOPOCOM has agreed to his proposal with one exception i.e., they are reluctant to accept the present stock of Gazetteers.

*That's the  
name of the game.  
Are they willing but  
reluctant, unwilling?*
